

RHA HEALTH SERVICES

WHERE HUMANS BLOOM

A lighter, leaner you is closer than you think

KORB

GET STARTED

JUMPSTART YOUR WEIGHT LOSS JOURNEY

The **Get Fit Now** program is designed for people struggling with weight loss when diet and exercise are not enough, or simply not working. We have partnered with **KORB Health** to customize prescription therapies to help you achieve the fit, healthy body you deserve.

HOW DOES IT WORK?

The program includes medications that are GLP-1 agonist (i.e. Semaglutide) for appropriate candidates. They work by curbing hunger, making you feel fuller faster and longer. Studies show average weight loss to be 15% of your total body weight.*

AVAILABLE MEDICATION

Semaglutide

Same active ingredient as Ozempic**

- ~~**$269/month**~~ **$199/month*** NOW PROCESSING HSA CARDS!**
